

OLIVIA CHATZIOPOULOS - YEAR 7

What are your aspirations?

First of all I absolutely love Santa Maria and I'm so excited to go further into my Santa life!

As a new student entering Santa Maria, I have so many aspirations that I would like to achieve. From knowing my way around the school, to understanding the class timetable and remembering my teachers names. A few weeks have since passed, I have mastered these goals and now, I look forward to learning all that I can in Year 7. I have made a personal goal for myself to work hard and aspire for anything that I can put my mind to. Whatever challenges get thrown at me I will try my best to succeed. Ideally I would love to complete Year 12 successfully and commence university and study to become a fitness instructor or personal trainer, as I love health and fitness.

What co-curricular activities do you do?

I have currently joined the school choir, as I love singing! I look forward to trying out for the basketball team and also try out for other teams, such as netball and volleyball. In time, I look forward to participating in House dance, athletics, playing a musical instrument and also debating. I also look forward to being a part of the Leadership team for Conway. I feel that I have a lot to offer fellow students and am always willing to help where needed. With these qualities, I know I can become a strong, independent and responsible person in the community.

What do you like most about being a Santa girl?

I love being a Santa girl! I feel that I am part of such a large community, which has welcomed me with open arms. I have received great support and understanding from my teachers and Village leaders who are there to help me every step of the way. Being a Santa girl makes me feel responsible and determined to be the best I can be!
