

AKIKO NGUYEN - YEAR 9

What are your aspirations?

For the future, I would love to be able to complete school at Santa Maria with a score of which I would work hard for and be happy with. I would love to also use my education and skills to pursue a job in the fashion and design industry to showcase my efforts and creativity. With the skills and opportunities that Santa Maria provides, I believe nothing is impossible to achieve my dreams.

What extra-curricular activities do you do?

As I enjoy working hard and being active, I participate in many of the sports and co-curricular activities offered at Santa. Along with participating in many of the activities and clubs such as Softball, Volleyball, House Dance/Performing Arts and many others, I am also a part of the Santa Maria Year 9 Leadership team being the Carmel House Captain. In the near future, I would like to continue to participate in as many co-curricular activities as I can.

What do you like about being a Santa girl?

Being a Santa girl gives you many privileges that you are not able to acquire anywhere else, the privileges allow me to feel a part of the school community, participating in the activities in which the school offers and making new relationships with others that I am able to meet throughout the experience. For if I had not come to Santa, I would have not been able to enjoy all these amazing opportunities like to be able to participate in Duke of Edinburgh Award, Sports activities (House Dance, Athletics Carnival, Swimming Carnivals, etc), making new friendships and so much more to come.
